

Description

Ec0dust is a poly adhesive high range dust suppressant.

Ec0dust is a fine particle size surface poly-adhesive that exhibits excellent dust binding and prolonged water resistance properties.

Typical Uses

Ec0dust is a styrene acrylate copolymer with fine particle size for use in acid modified water-based primer formulations.

Special Features

- Water soluble & biodegradable
- Easy application and safe to use
- Helps with compliance to safety, environmental, health and occupational regulations
- Less fuel usage & virtually no tyre traction
- UV resistant
- VOC free
- Reduced water usage and man hours
- High rainfall tolerance

Applications

- Gravel & Haul roads
- Construction sites
- Quarries
- Manufacturing facilities
- Unpaved runways and helipads
- Mine tailings
- Farms e.g. Vineyards, orchards

Storage

Ec0dust can be stored for 6 months in closed, unopened original drums or storage vessels, provided the temperature does not fall below 5 °C or exceed 40°C.

Keep out of direct sunlight and protect from frost and water (especially rain water).

Packaging

1000lts flow-bins.

Technical Advice

The technical department is available to assist with advice on the correct application of the **Ec0dust**.

Information provided is based on laboratory evaluations and data believed to be reliable. Recommendations are given in good faith but without warranty. It is the user's responsibility to determine the suitability for his own use. Freedom from patent restrictions must not be assumed.
